Also check out my *100+ Horror Books Written by Women* zine!

“Queer” is a fairly ambiguous label to apply to books—some of these books are by authors that identify as LGBTQ+, some have characters that identify as such, some tackle queer themes head-on. This isn't an exhaustive list of titles that could fall under this umbrella, and I encourage all readers to seek out more that would fit the theme (and email me about them! I love talking queer horror).

Happy reading! ♥
